

CAMPUSREC

Quidditch Rules – Portland State Intramural Sports

1. Governing Rules

- 1.1. The rules of US Quidditch will apply in all cases, except when a special Portland State University Intramural sports rule applies.

2. Eligibility

- 2.1. Rec Center members (current Portland State student/Alumni/Faculty/Staff/Plus One) are eligible to participate in intramural leagues. Rec Center guests may only participate in single-day tournaments.
 - 2.1.1. All participants must provide a valid photo ID prior to every game in order to be eligible to play.
- 2.2. All participants must have signed an Assumption of Risk waiver to participate.
- 2.3. A maximum of seven (7) players on the pitch per team, including the seeker. Teams must have a minimum of four (4) players to play; dropping below the minimum number of participants by ejection or injury constitutes a team disqualification and results in a forfeit.
- 2.4. Participants may request to protest an opposing participant's eligibility and rule enforcement only.
- 2.5. In the case of an ejection, the participant must leave the facility. All ejected players are suspended from participating in any intramurals activity until they meet with the Intramural Sports Coordinator.
- 2.6. Team rosters for playoffs freeze after their last regular-season/pool play game. To participate in playoffs, individuals must play at least one regular-season/pool play game with their team.

3. Uniforms and Equipment

- 3.1. No jewelry or metal (earrings, necklaces, bracelets, rings, watches, hair clips, etc.) will be allowed at any time. Players must remove these items immediately or leave the game. Taping is not permitted.
 - 3.1.1. Medical and religious jewelry must be pre-approved by the Intramural Sports Coordinator.
- 3.2. All participants must wear close-toed athletic shoes. Rubber and plastic cleats are allowed; metal cleats are prohibited.
- 3.3. Teams must be wearing the appropriate color uniforms that are indicated on the game schedule. Home team will wear white shirts and the away team will wear dark shirts. Grey shirts are not permitted for Intramural contests.
- 3.4. Intramural Sports will provide all quidditch equipment including hoops, game balls, brooms, and player position headbands. Players may bring their own broom and position headbands. Brooms must be 32-42 inches long and be made of wood or plastic. They cannot exceed 48 inches in total length (including bristles).
 - 3.4.1. Brooms with splinters or sharp points are not allowed.

CAMPUSREC

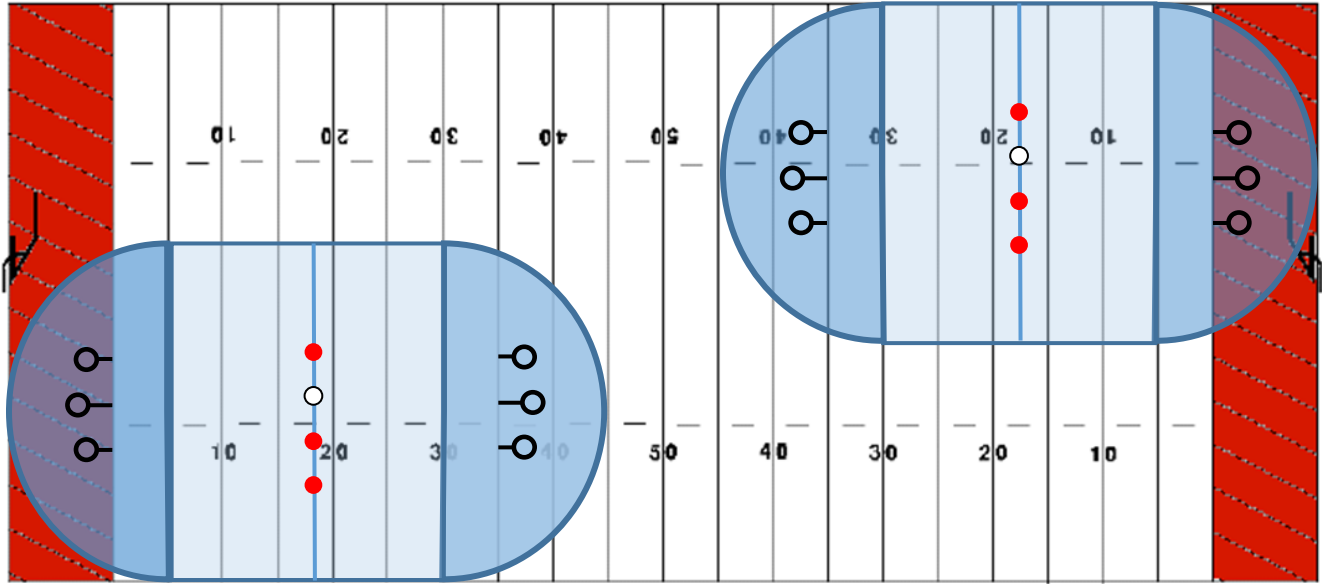

- 3.4.2. If a broom breaks during game play, it must be replaced before its player can continue playing
- 3.5. Game Balls
 - 3.5.1. *Quaffle*: A volleyball (1) thrown/kicked by the chasers through the hoops to score 10 points.
 - 3.5.2. *Bludgers*: Dodgeballs (3) used only by the beaters at opposing players to knock them out.
 - 3.5.3. *Snitch*: A tennis ball inside of a long yellow sock tucked in the back of the snitch runner's shorts/pants. Once the snitch is snatched the game is over. The seekers are the only players who can chase after the snitch.
 - 3.5.4. All balls (excluding the snitch) must be stationary and resting in their respective positions on the pitch at the start of the game. The quaffle must be placed at one of the ball marks closest to the center spot.
 - 3.5.5. If the ball goes out of bounds, possession of the ball will be granted to the other team.
- 3.6. All players must wear a headband to indicate their position (chasers=white, beaters=black, keepers=green, seekers=yellow). Only sweatbands and headbands will be allowed in terms of headwear. No jewelry, bandanas/headbands with knots, or hats.
- 3.7. Casts, braces, or any other item deemed to be dangerous by the official or supervisor may not be worn during the game.
- 3.8. Any player that is bleeding MUST leave the game immediately. The bleeding must be stopped and the wound securely covered with a bandage before the player can continue. If there is blood on any clothing it must be changed before the player resumes play.

4. Facility

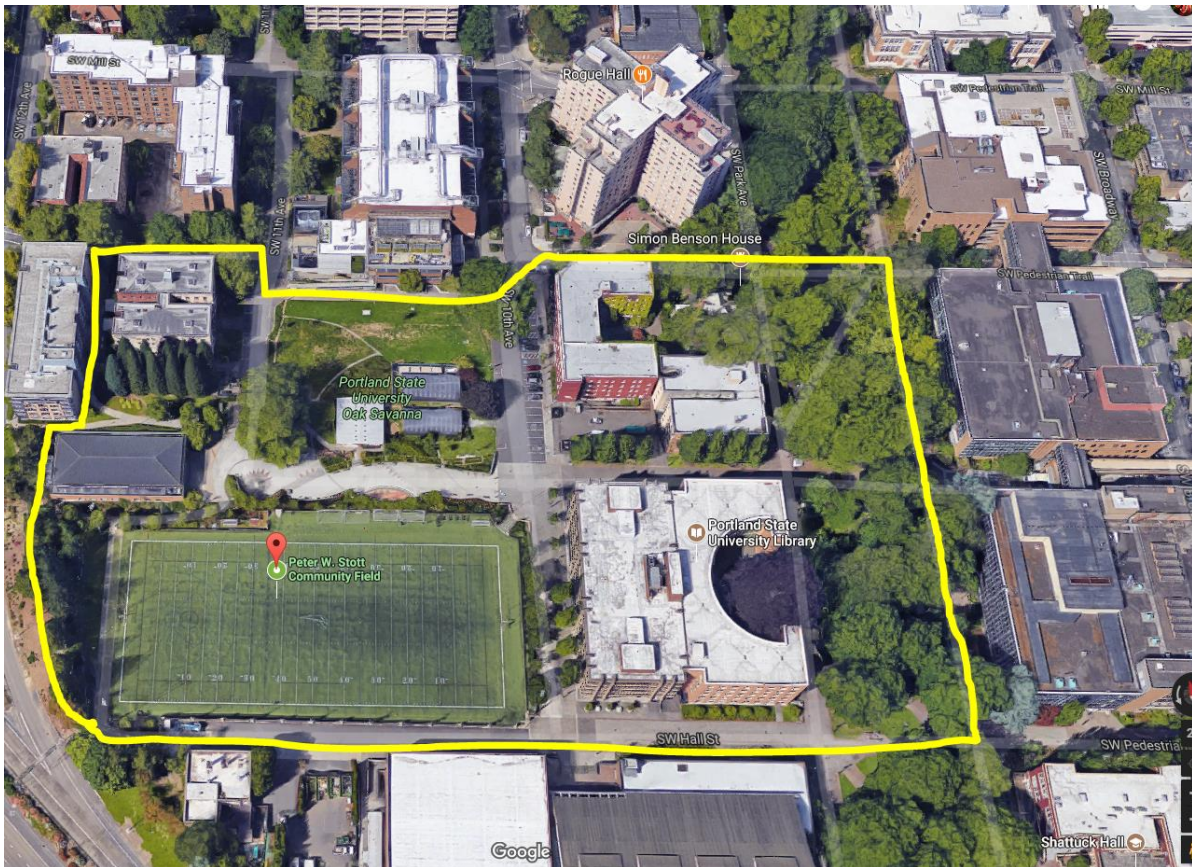

- 4.1. Games are played on Stott Community Field, diagramed below.
- 4.2. One tip of the field will be placed at the back of the endzone and the other placed on the 45 yard line.
- 4.3. The width of the field will be from the football sideline to the far-side hash marks.
- 4.4. Balls will be placed on the 17.5 yard line (halfway between the 5 yard line and 30 yard line)
- 4.5. Snitch perimeter is outlined below.
 - 4.5.1. The snitch can run anywhere in this vicinity for the first 15 minutes of the game.
 - 4.5.2. The snitch cannot go into any buildings or cars
- 4.6. Keeper zone is outlined by the dark blue half circles below. The hoops are located in the keeper's zones.
- 4.7. The starting line is the front of each end zone. This is where the hoops are placed and where players will begin the game.

CAMPUSREC

Quidditch Pitch

Snitch and Seeker Boundary

5. Position Overview

- 5.1. Each team has three (3) chasers, two (2) beaters, and one (1) keeper in play at all times. Each team sends one seeker into the game at the end of the seeker floor.
- 5.2. Chasers: "The Goal Scorers"
 - 5.2.1. Three (3) chasers in play per team
 - 5.2.2. Headband color: White
 - 5.2.3. Objective: Throw, kick, or in any way pass the quaffle through the opposing team's hoops to score ten (10) points. Players may also use the quaffle to block incoming bludger throws and can steal the quaffle away from the opposing team. They may not enter into their own team's keeper zone when the opposing chasers are trying to score.
 - 5.2.4. Chasers must maintain an attack during their possession. They cannot stall the game by standing with the quaffle or continuously throwing the quaffle backwards
- 5.3. Beaters: "The Defenders"
 - 5.3.1. Two (2) beaters in play per team
 - 5.3.2. Headband color: Black
 - 5.3.3. Objective: Throw the bludgers to disrupt the flow of the match. Any players (except keepers in their own keeper zone) hit by a bludger must drop any ball they are holding and run to their own hoops before returning to play.
 - 5.3.4. If anyone catches a bludger who isn't a beater, they remain in play and must drop the ball. If they are a beater, they can maintain possession of the ball and continue play
 - 5.3.5. There is no friendly fire penalty or a penalty for hitting immune players
- 5.4. The Keeper: "The Goalie"
 - 5.4.1. One (1) keeper in play per team
 - 5.4.2. Headband color: Green
 - 5.4.3. Objective: Prevent opponents from throwing the quaffle through the hoops. The keeper is allowed to block a shot in a way that would be considered goaltending for any other player. They also are invulnerable to bludgers while in the keeper zone.
 - 5.4.4. If a keeper has the quaffle in their hands in their own keeper zone, players may not initiate any contact on the keeper or the ball until they step out of their keeper zone or put the ball into play
 - 5.4.5. Keeper maintains possession of the ball if their block forces the ball to go out of bounds
 - 5.4.6. When keeper steps out of keeper zone, they are under the same rules that apply to chasers
- 5.5. The Seeker: "The Go Getter"
 - 5.5.1. One (1) seeker in play per team
 - 5.5.2. Headband Color: Yellow
 - 5.5.3. Objective: Snatch the snitch! Seekers may leave the pitch when trying to catch the snitch.
 - 5.5.4. Seeker Floor: Seekers must remain on the sideline until 5 minutes has passed. They may not interact with play in any way and are treated as though they were serving penalty box time. Once time has expired, the seeker will be informed by the scorekeeper that they are free to pursue the snitch.

CAMPUSREC

5.6. The Snitch Runner: “The Golden Runner”

5.6.1. Headband Color: Gold

5.6.2. Objective: Prevent the seekers from removing the snitch from the back of their shorts. The snitch runner may touch other players, but the seekers may only touch the ball, not any part of the snitch’s body.

5.6.2.1. The snitch may use a skateboard, scooter, bike, etc. to get around the snitch perimeter but they cannot use a car.

5.6.2.2. If the snitch or snitch runner falls, the snitch runner will be given time to reattach the snitch if necessary, and a 5-second head-start.

5.6.2.3. After 20 minutes have passed, the snitch runner must return to the pitch and stay there for the remainder of the game.

6. Game Setup

6.1. Team managers will meet with the officials prior to game to discuss rules and play “evens or odds” to which set of hoops they would like to defend during regulation time. In the case of overtime, the teams change sides and attack the opposite set of hoops.

6.2. The game time listed on the schedule is the official start time. Failure to have the minimum number of players (4) at game time will result in a forfeit (score 30-0), unless the opposing team agrees to wait and accept the result of a shortened game.

6.3. Games are limited to 20-minutes or until the snitch is caught, whichever comes first.

6.3.1. The clock only stops for injuries, official’s timeouts, or unexpected delays in the game.

6.4. Each team has one 30-second timeout per game, which may only be taken when the puck is not in play. In the event of overtime, each team has one 30-second timeout.

6.5. The officials are the official timekeepers of the match.

6.6. Substitutions may be made at any time during a match. Substitutes must enter the pitch along the boundary line of their team’s keeper zone after the player substituting out has left the pitch and the equipment has been securely traded.

6.7. Overtime

6.7.1. Regular Season/Pool Play: the game will end in a tie.

6.7.2. Playoffs: a 5-minute overtime is played and the snitch must stay within the pitch boundary lines. If the score is still tied at the end of overtime, a 5-minute sudden death overtime will be played and the first team to score any points, by quaffle or snitch, is the winner.

7. Starting the Game

7.1. All seven starters must line up on the starting line in any order they choose with their brooms on the ground.

7.2. Once both teams confirm that they are ready to play, the head referee shouts, “BROOMS DOWN!” All players must have at least one knee on the ground with eyes closed and heads down. Any substitutes must also close their eyes and put their heads down. Anyone caught peeking will be warned.

7.3. The head referee then shouts, “THE SNITCH IS LOOSE!” At this point, the snitch runner may run anywhere within the snitch perimeter established at the beginning of the match.

CAMPUSREC

- 7.4. Once the snitch runner is a good distance away, the head referee shouts, "BROOMS UP!" On the first "B" of "Brooms up!" all players may immediately begin play. If someone in the audience yells "Brooms up!" too early, the head referee resets the players and announces the cadence again. In the case of an overtime period, this procedure will be repeated in the same way.

8. Scoring

- 8.1. Point values will be as follows:
 - 8.1.1. Goal = 10 points
 - 8.1.1.1. Only the chasers (or keeper acting as a chaser) can score with the quaffle
 - 8.1.1.2. A goal is scored when the whole quaffle passes through one of the hoops from either side, and no infringement of the rules of the game has been committed by the scoring team immediately prior to or during the goal (i.e. being hit by a beater with a bludger). Any part or the entirety of the scoring player's body may pass through the hoop during a legal score.
 - 8.1.2. Snitch recovered = 30 points and the end of the game
 - 8.1.2.1. No one may score in a hoop that has been dislodged. Intentionally dislodging a hoop results in a warning. If a hoop is upright at the time of a shot and is intentionally dislodged after the release of the quaffle, the goal counts.
- 8.2. If a hoop is broken, displaced, or in any way knocked down, play continues.
- 8.3. The goal referee will fix the hoop whenever play around it subsides. If all three of a team's hoops are broken, the head referee must stop play until they are fixed.
- 8.4. After scoring, all chasers of the scoring team must immediately return to their offensive keeper zone line and wait to attack until the referee restarts quaffle play.
- 8.5. In addition, after a goal has been scored, the quaffle must be in the possession of the former defending team's keeper before quaffle play can be restarted.
- 8.6. Until this time, all of the players and all of the balls except for the quaffle are live and in play.

9. Goaltending

- 9.1. A play is considered goaltending, if any defensive player other than the keeper arranges their body or equipment behind/through the hoop in such a way that it blocks the quaffle from passing entirely through the hoop.
- 9.2. If caught goaltending, the goal will be counted. The player that was caught committing the goaltending foul will be sent to the penalty box for two (2) minutes.

10. The Knock-Out Effect

- 10.1. If a player is struck with a live bludger on any part of their body (excluding the head) or any part of their broom or clothing, that player has been "knocked out."
- 10.2. The bludger must leave the hand or foot of the attacking beater before it hits the opposing player in order to take effect. Any beater that taps another player with a bludger without releasing it, with the intention of deceiving that player into believing she is knocked out, must be cautioned.

CAMPUSREC

- 10.3. A thrown or kicked bludger is live until that bludger touches the ground. Every opposing player struck by the bludger before it touches the ground is subject to the knockout effect.
- 10.4. Friendly Fire - If a beater hits a teammate with a bludger, there is no effect. The beater who initially released the bludger cannot be knocked out by their own bludger.
- 10.5. After being struck by a bludger, the player must do the following before he/she is allowed to participate in any part of the match:
 - 10.5.1. Give up possession of any ball by dropping it. While giving up possession, the player must not pass, toss, roll, or kick the ball.
 - 10.5.2. Dismount the broom.
 - 10.5.3. Retreat back to their set of hoops.
 - 10.5.4. Touch any part of any hoop.
 - 10.5.5. Get back on the broom.
- 10.6. Any player is allowed to catch a bludger
 - 10.6.1. If caught by a player other than the beater, they must drop the ball where they are standing
 - 10.6.2. If caught by a beater, the player may continue play and can maintain possession of the bludger.
- 10.7. Knocked out players are out of play and may not interact with any players or balls in any way. They may not sub out of the game. If a seeker is hit by a bludger before or during a snitch snatch, the snitch snatch does not count.
- 10.8. If a player dismounts or "falls off" their broom while on the pitch, any plays made by that player while off the broom do not count. The player is considered out of play until they have followed the same procedures as the knockout effect and remounted the broom

11. Physical Contact

- 11.1. Stiff Arm
 - 11.1.1. A player is allowed to create separation from his opponent with their arm. Both attacking and defending players can use this tactic. A player must not push another player to the ground.
 - 11.1.2. This rule does not allow a player to grab another player's broom or clothing, to trip a player, or to slide tackle. These actions are considered illegal physical contact.
- 11.2. Stealing
 - 11.2.1. A player may steal a ball from an opponent by either stripping or poking it loose. A player must not reach over the shoulder or around the neck of an opponent in an attempt to strip the ball. A player must not punch a ball loose. A punch occurs when a player winds up and swings at the ball, or attempts to poke the ball loose and hits the player in possession.

12. End of Game

- 12.1. The game ends as soon as the snitch is snatched. The team whose seeker snatches the snitch is awarded thirty (30) points. If catching the snitch causes the score to become tied, there will then be an overtime.

CAMPUSREC

- 12.2. If the snitch is snatched off the pitch, the successful seeker and snitch runner must return to the pitch with the snitch as quickly as possible. If the seeker does not immediately return, the snitch runner must self-report the snatch.
- 12.3. The opposing seeker is not allowed to hinder that seeker's return in any way. As soon as the head referee believes that a seeker has legally snatched the snitch, they will stop play and confirm with the snitch runner and snitch referee. If the snatch is confirmed, the head referee will announce the end of regulation time.

13. Penalties

- 13.1. Warning: Player is warned.
- 13.2. Yellow Card: Player is warned and sent to penalty box for one minute.
- 13.3. Red Card: Player is sent off for the remainder of the match and the team must substitute a player in for the player that was sent off; the substitute must serve two minutes in the penalty box before entering the game.
- 13.4. Yellow Card Offenses: a player is cautioned and shown the yellow card if they commit any of the following offenses:
 - 13.4.1. Intentionally playing a ball illegally. (Ex. Using a bludger to try to score instead of a quaffle.)
 - 13.4.2. Willfully ignoring a bludger hit.
 - 13.4.3. Intentionally altering any equipment that is part of the game.
 - 13.4.4. Playing in a dangerous manner, including intentionally slide-tackling or tripping another player.
 - 13.4.5. Illegally entering play.
 - 13.4.6. Illegally substituting.
 - 13.4.7. Interacting as a seeker before the "Brooms Up" has ended.
 - 13.4.8. Interacting as a seeker before the seeker floor has ended.
 - 13.4.9. Intentionally and repeatedly moving after the referee has stopped play.
 - 13.4.10. Repeatedly delaying the game.
 - 13.4.11. Showing disrespect to a referee or persistently questioning the referee's decisions.
 - 13.4.12. Using any illegal equipment.
- 13.5. Red Card Offenses: a player is sent to its team's penalty box for any of the following offenses:
 - 13.5.1. Receiving a caution.
 - 13.5.2. Committing any foul on a player that is in their offensive keeper zone while that player is taking a shot at an unguarded hoop.
 - 13.5.3. Committing any foul on a player in possession of the quaffle in their offensive keeper zone as the only defensive player in the vicinity of the offensive player or hoops.
 - 13.5.4. Committing any foul on a player in possession of the quaffle in their offensive keeper zone from behind when one or fewer other defensive players are in the vicinity of the offensive player and hoops.
 - 13.5.5. Having an illegal player or set of players on the pitch, in terms of eligibility, or position (the person who replaces the last offending player is sent to the box, the captain is cautioned but not sent to the box, and the offending team also forfeits the quaffle to the opposing team upon resumption for this offense).

14. Stopping Play

- 14.1. The head referee will stop play in any of the following circumstances by blowing their whistle twice:
- 14.2. A player commits a foul that directly and negatively affects a scoring opportunity or results in a change of quaffle possession.
- 14.3. A player commits a foul that results in a card or penalty box time.
- 14.4. A referee is unsure of a difficult call, and needs to consult with the other referees.
- 14.5. A player is too injured to continue play, or is down on the pitch with a serious injury.
- 14.6. External interference occurs, including when a ball from another pitch enters the pitch.
- 14.7. A ball becomes defective.
- 14.8. All three hoops on one side fall down or become defective.
